

Presents

# 48th Annual Dermatopathology *Self-Assessment Workshop*

**September 26, 2020**

Lerner Research Institute, 5<sup>th</sup> Floor Amphitheater Cleveland Clinic

## **About the Workshop**

This advanced dermatopathology workshop will be devoted to the study of 50 unknown microscopic slides using a self-assessment approach of multiple choice and single answer questions. A discussion will follow, which will include the case description, diagnosis, differential considerations, and pertinent comments about each disease. Emphasis will be placed on benign and malignant skin tumors, bullous diseases and inflammatory dermatoses. An interactive computer system will be employed to assist audience participation in the discussion.

The virtual slide component of the dermatopathology workshop is going to be set up very similar to the traditional workshop. The major difference is the replacement of a microscope with a computer monitor and a mouse. There will be a separate room, a computer lab, for those who participate in this offering (20 people maximum). The cases will be in a list on the screen and you will select the case to open in the virtual slide viewing software. You will select each case sequentially when you hear the bell in place of passing the glass slides in the traditional format. You will select your answer using pen and paper in the same binder that the other workshop participants use. Everybody will then rejoin the main group on the 5th floor for breaks and for the afternoon portion of the workshop.

## **Target Audience**

**Directed to Dermatologists, Pathologists, Dermatopathologists, Plastic Surgeons, Oral Pathologists, Residents/Fellows, Researchers and Nurses.**

## **Learning Objectives**

At the completion of this workshop, the attendee will be able to:

- Analyze the broad spectrum of disorders in dermatopathology.
- Recommend an approach to the unknown which will assist in the final diagnosis.
- Cite specific features and differential diagnoses.
- Demonstrate advances and their applications to diagnosis.

## **Workshop Director**

### **Wilma F. Bergfeld, M.D., FACP**

Emeritus, Co-Director, Section of Dermatopathology  
Staff, Department of Dermatology & Pathology  
Program Director, Dermatopathology Fellowship  
Cleveland Clinic, Cleveland, OH

## **Co-Activity Director**

### **Melissa Piliang, M.D.**

Co-Director, Section of Dermatopathology  
Associate Program Director, Dermatopathology Fellowship  
Associate Program Director, Dermatology Residency Program  
Cleveland Clinic, Cleveland OH

**September 26, 2020**

Lerner Research Institute Cleveland Clinic Cleveland, Ohio

**GENERAL INFORMATION**

**Location**

**Cleveland Clinic**

Lerner Research Institute 5th Floor Amphitheater  
E. 100th Street and Carnegie Avenue Cleveland, OH 44195

**Information**

Web Address: [www.cfcme.org/Dermpath20](http://www.cfcme.org/Dermpath20)

For further information about this activity, please contact Katherine Williams at [williak@ccf.org](mailto:williak@ccf.org) or 216-444-2168.

## **Accreditation**

The Cleveland Clinic Foundation Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Cleveland Clinic Foundation Center for Continuing Education designates this live activity for a maximum of 6.0 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Participants claiming CME credit from this activity may submit the credit hours to the American Osteopathic Association Council on Continuing Medical Education for Category 2 credit.

## **Faculty Disclosure**

The Cleveland Clinic Center for Continuing Education has implemented a policy to comply with the current Accreditation Council for Continuing Medical Education Standards for Commercial Support requiring resolution of all faculty conflicts of interest. Faculty declaring a relevant commercial interest will be identified in the activity syllabus.

## **Parking**

Parking is available in the 100th Street Visitor's Parking Garage for \$10 per day. Please enter the Lerner Research Institute via the 3rd Floor Skyway entrance.

## **PRINTED MATERIAL**

Each participant will receive a description of 50 cases and a question and answer sheet. The information on each case will cover clinical data, microscopic description of important basic pathological changes, diagnosis, and differential consideration. All participants will receive a copy of the workshop cases and photos via email link.

## **EVALUATION**

The Self-Assessment workshop will be given in a test format with two minutes for evaluation of individual slides. Following the self-assessment, the faculty will discuss each case and the differential diagnosis. An interactive computer system for audience participation will be used as an adjuvant teaching aid.
